

CHALLENGER PROGRAM

The *Challenger* program is designed to offer special children who are physically and mentally challenged the opportunity to enjoy the full benefits of Little League participation in an athletic environment structured to their abilities. The value of the *Challenger Division* is found in the proven therapeutic and socialization benefits of sports participation and the strengthening of the child's self-esteem.

Greece Little League announced the formation of a *Challenger Division* in 1992. Today over 50 special needs children play a seven game schedule including one game at Frontier Field against other Challenger programs. Greece Little League enlists the aid of our major leaguers (ages 11-12) to lend a hand to the youngsters as "guardian angels."

Greece Little League takes great pride in its support and development of the *Challenger Division* and acknowledges the willing support of those who made this program a success. It provides certain evidence that baseball is truly America's game and can be played and enjoyed by everyone.
